

Barth/Iveco 26

Luxury Designed for Living

You enter a place of comfort and elegance when you step into a Barth/Iveco 26.

Notice the carpets, plush and luxurious, from some of the nation's finest carpet mills. Our interiors feature fabrics of velour and velvet in both solid and patterned styles. Color-coordinated decorator packages allow you to be your own interior designer and create a truly personal home away from home.

Comfortable, colorful, and tastefully decorated, your Barth/Iveco Motor Home shows your good taste wherever you go.

Consistent Quality with Innovative Design

A strong, secure and quiet ride are the result of Barth/Iveco's unique, unitized, all-aluminum frame. The frame and body are riveted together the way aircraft are assembled, providing the strength of all-steel models, with the advantage of better fuel efficiency through lighter weight.

With the name Barth/Iveco you can be assured of quality throughout.

A Concept of Confidence

The quality and dependability of each Barth/Iveco Motor Home begins with its Iveco motor home chassis. Selected by Barth for its consistent performance, this chassis is powered by a 5.5 liter diesel engine and smooth automatic transmission. The chassis frame is heavy-duty welded steel, providing strength where you need it most.

Power, strength and years of trouble-free performance... you can depend on Barth/Iveco.

A Commitment to Satisfaction

With Barth Motor Homes, custombuilding is a tradition. If one of our three standard floor plans doesn't fit your particular needs, bring us a plan of your own; we'll discuss the plan with you and then custom-build your Barth home the way you want it.

Barth Motor Homes make choice a tradition.
