

1999 FORETRAVEL U295

MAINTENANCE & EXPENSE LOG

4/14/2014	Rewired Electrical Connections for trailer plug at rear of coach. Installed 4 prong connector and adapter for brake lights-turn signals.	84.54
4/17/2014	Generator would not run when the coach was purchased. Generator would start but would only run for a few seconds. After much troubleshooting, changed the fuel filter, replaced the fuel pump and about 12ft of the fuel line. Generator now starts and runs fine but has low voltage output. Output is about 100V. Called PowerTech support to order a new voltage regulator. Tech said to try adjusting old voltage regulator before ordering a new one. Told me how to adjust and after adjustment voltage output is a constant 120V.	99.61
4/21/2014	Updated both TV's. Installed 29" Vizio in front and 23" Vizio in Bedroom. Both TV's are LED's. Also installed BluRay players in both locations.	533.77
4/24/2014	Insurance 12 month policy Nationwide/Allied thru Good Sams	502.87
4/29/2014	Replaced Shower Head and Valve	93.90
5/8/2014	Dixie Lock and Safe drilled safe and changed combination	150.00
5/14/2014	Replaced all 26 of the Springlift cylinders on the interior cabinets.	245.95
5/15/2014	Swapped rear tires on Barth with rear tires on Foretravel. Also installed Centramatic wheel balancers on Foretravel	365.95
6/3/2014	Replaced Springlift cylinders on some exterior doors and have new cylinders for the balance of the doors	86.00
6/10/2014	Replaced Fuel filters, Coolant filter, and Air filter	86.68
6/12/2014	Replaced leaking exterior water faucet and one way check valve on the water inlet pipe	151.53
6/15/2014	Converted overhead lights in Bedroom to LED	120.00
6/25/2014	Replaced Insulation in engine compartment. Installed 1 1/2" foiled backed rigid insulation.	328.52
6/25/2014	Converted light in engine bay to LED	52.28
7/2/2014	Replaced dash radio with Pioneer unit with CD player	156.00
