

Above and below are from 610015.001

Below is from a royale 3, wall mount, same circuit board

Below is from a 610015.103

Even the wall mount manuals are same shroud shaped circuit board but they are placed in square wall mount cases...(see below for analog example)

Be sure not to confuse the AC thermostats with the refrigerator thermostats that share the same board...

(see below)
